Who are you
Don't you want me to help you?
Get off me!

I won't take that kind of abuse even from you!
You always hit with a clenched fist
!
Well Florian You've become strangely mean spirited
All I ask of you are valuable precious stones.
(Now is referring to Florian's amethyste eyes.)

My position may invite that kind of misunderstanding. But you disagree with it.
Then, whatever people say I'm fine.
I won't. He treats you like a Gigolo.
Noir, I'm asking you. I want you to help him.
Why do you want to help him so much?
Nobody helped you when you needed it.
I want to take his hand in his suffering. I can understand how he feels so if your road takes you a little this way
Well... That's why I want to help him more.

Yeah... the elder brother, Lord Shabo.
When his wife fled from him, he became desperate, and continued his life of dissipation.
So is he cleaning up after his elder brother's actions?
Since Jack's elder brother has gone somewhere, Jack could not keep up such a big mansion.
But he needs to manage somehow and I've contacted me to discuss it.
So because of that
I know that well...
You know what my main line of business is
Thief buying antiques legally instead of stealing them... it's kinda dumb...
Well, if you feel like it, and if there are antiques perhaps I would be good to buy some. But that's all. I'm not a charity
Elenora is only 16. And Jack...
well, he said to me he wants to protect her

How do you do? I'm very pleased to be at your service. Lord Ceurlaud
I'll introduce you
This is Ray Balzac and Lady Laila
Let's get straight to the point, you have some antiques you want to sell. Can you show them to us?
We cannot stay very long
Although he looks effeminate, he came here as there's a sense of duty
So come this way

The house is mid-century gothic style so the ceiling is very high
Some places have been partially restored
It's a beautiful mansion
Earl Shabo is originally from the Bretagne region and there we are a strong family with deep connections with the King Louis dynasty
Yes you at that time you were lost as a child in the forest of monsters
It's been 10 years since I've been here
Anri Eleonora? I haven't seen her
So you had no sense of direction even as a kid

My spirit wanders the dark forest, finally coming perhaps back to you...
Like a poem... like dance... that my darling be not to speak
like calling voice of the rain in the trees is my sigh
Trees of lock of my hands, my face hands as white as the ice are begging for your cloak's warmth.

Hey
Hey
Florian, where are you?
What's the matter? Ah, where's Florian?
The place was the mysterious forest. It's called "the forest of monsters"
Well, this is bad. We have to tell Mme Rochefort
Well, we were together a moment ago. It looks like he got lost.
A long time ago it was copied from a foreign garden.
There were "monsters" every where in the forest.

Peeping out from between the trees, appearing and disappearing
They are myths from the world of a far-off foreign country that sink into the emerald sea.
It seemed that these goals that I don't know the name of, were asking some thing of me in a joyful accent
that's what I felt
I was completely charmed by them
I didn't know why
Wow
Wow
What's that singing voice.
Then...

Aahh
I came upon a fairy

The name of the fairy was Elenora
It was the only daughter of the house of lord Shabo
Well, was that your first love, Florian?
Huh?

It's just a childhood story
I haven't seen her since
Wasn't it?
From here it starts the mountain path. please bite your tongues.
Stop your nosey talking
Let's go and buy some antique works of art?
Her has been bad mood since before we left. I knew I forced him to come on this trip. so I suppose it could not be helped
O-K

What are you on about? I don't remember saying anything about being an antique dealer.
It's a collection based on antiques from the middle ages to the 16th century. I think you'll certainly be interested them. It's my private place. He needs to keep up his manner and he's looking to raise the finances. So he's come to me.
Why you?
He heard a rumour that I am the notorious loan shark Ray Balzac is.
Perhaps.
Gain?

You are asking me to admit you are my Gejok?
Come on off with your clothes.
Then make me tame in with your nakedness.
What the hell? Can't you take what I say?
If you're going to act like a Gejok you have to take it
What?
